

COOPERATIVE ENERGY FUTURES 2022 Notable Impact Highlights

Overview

Cooperative Energy Futures is a member-owned clean energy cooperative that works to empower communities across Minnesota to build energy democracy through solutions that are clean, local, and ours. We develop and cooperatively own community solar and other equitable local clean energy solutions that work for renters and low-income households, create job and asset-ownership opportunities for communities of color, and build an energy system that returns wealth to local communities.

Founders

Leaders

Customers/End Users

750 estimated end users reached last year (current subscribers and new members who will begin receiving benefits). 50%+ low-moderate income (estimated based on demographic and geographic analysis).

Workforce

Ownership Structure

100% member-owned cooperative (MN 308B co-op). Members are energy-using households across Minnesota.

Development of Diverse Talent

Forming contractually partnerships with community-based organizations and individual community leaders from BIPOC/low-income communities of members. Requiring solar installation workforce and supplier diversity, including facilitating job training and capacity-building opportunities for local leaders.

Primary Stakeholders

Minnesota energy users who typically lack access to clean energy (renters, low-income/low-credit households, often BIPOC/recent immigrant/unbanked households) and tend to face high energy burdens and limited ability to control their housing and energy systems alone.
