

GIGAWATT GLOBAL

2022 Notable Impact Highlights

Overview

Gigawatt Global Coöperatief U.A. is a multinational renewable energy company and impact investment platform focused on the development of profitable utility-scale installations empowering vulnerable communities across Africa, actively implementing solutions to promote the UN Sustainable Development Goals (SDGs). Led by a team of seasoned project developers, financiers, impact investors and green energy experts, the American-owned Dutch company is a founding partner of the U.S. Power Africa program, and has solar, wind and hydro projects under development in over a dozen sub-Saharan African countries, including S. Sudan, Nigeria, Liberia, Mozambique, Ehtiopia and Zambia. Its first project in Africa was in Rwanda, and construction of its next project is now completed in April 2021, in Burundi.

The information contained herein is being provided to you for informational purposes only and is not, and may not be relied on in any manner as, legal, tax, or investment advice or as an offer to sell or a solicitation of an offer to buy any security. Private investments are illiquid and are not subject to ongoing daily valuation. Accordingly, the actual realized returns on unrealized investments may differ materially from the statements on impact stated herein. Nothing contained in the document may be relied upon as a guarantee, promise, assurance or representation as to the future. There can be no assurance that any investment will be able to realize investments in a timely manner. Investments in impact-focused securities are speculative and involve significant risks, including the risk of loss of the entire investment. Such investment is only suitable for sophisticated investors and requires the financial ability and willingness to accept the high risks and the lack of liquidity inherent in such investment. Prospective investors must be prepared to bear such risks for an indefinite period of time. Past performance is not indicative of future performance.
