

UNCOMMON CACAO

2022 Notable Impact Highlights

Overview

Founded in 2010, Uncommon Cacao has evolved from a small centralized fermentation operation in Belize to one of the most influential specialty cacao traders in the world. Across Uncommon Cacao's businesses, we are pioneering a new, values-driven cacao economy that pays producers more and is grounded in real partnerships that deliver improved stability and success for all. We created the first ever cacao trader Transparency Report in 2012 and became a certified B Corporation in 2017. In 2021, our U.S. and EU offices distributed cacao sourced from over 7,000 smallholder producers across 12 countries to more than 230 craft and premium chocolate makers globally.

Primary Stakeholders

1. Smallholder cacao producing families
2. Small business owners

Procurement

We pay significantly above market price to suppliers, we are radically transparent (publish all prices and margins across the chain), strong sourcing standards, primarily sourcing from indigenous family farms.

The information contained herein is being provided to you for informational purposes only and is not, and may not be relied on in any manner as, legal, tax, or investment advice or as an offer to sell or a solicitation of an offer to buy any security. Private investments are illiquid and are not subject to ongoing daily valuation. Accordingly, the actual realized returns on unrealized investments may differ materially from the statements on impact stated herein. Nothing contained in the document may be relied upon as a guarantee, promise, assurance or representation as to the future. There can be no assurance that any investment will be able to realize investments in a timely manner. Investments in impact-focused securities are speculative and involve significant risks, including the risk of loss of the entire investment. Such investment is only suitable for sophisticated investors and requires the financial ability and willingness to accept the high risks and the lack of liquidity inherent in such investment. Prospective investors must be prepared to bear such risks for an indefinite period of time. Past performance is not indicative of future performance.
